The Dunes Course

The seaside Dunes Course at Navarino Dunes, designed by former US Masters Champion and Ryder Cup Captain Bernhard Langer, in association with European Golf Design, opened in May 2010 and is the first signature golf course in Greece.

This 18-hole / par-71 championship golf course includes some links-style features in areas closest to the sea. Parts of the course venture into olive and fruit groves, while several holes run along a small river. Combined with large undulating greens, wide fairways and steep-faced pot bunkers, the links element of the course adds to its unique style and playability, so that each of the 18 holes presents a matchless challenge.

The Dunes Course includes a full-size driving range and a short-game practice area with the largest green in Europe, the 3500m² Dunes Clubhouse with well-appointed dining and function areas, for pre- and post-tournament activities, a designated members lounge with terrace and an exclusive Pro shop.

The Bay Course

Open since October 2011, The Bay Course at Navarino Bay - just a few minutes from The Westin Resort Costa Navarino and next to the historic Navarino Bay, promises a different set of challenges and choices, with greater emphasis on strategic play and positional golf.

With the majority of tees offering inspiring sea views, the 18-hole seaside Bay Course, designed by Robert Trent Jones II, meanders through three distinct natural landscapes. The Seaside, Canyon, and Grove holes provide striking contrasts that make for an intense and memorable golf round.

The Bay Course plays to a par of 71 from a variety of lengths designed to challenge golfers of various skill levels. Crafted across natural terrain, the layout is offering panoramic sea and mountain views, having also some holes that play directly along the sea.
