## Costa Navarino receives a prestigious award for Navarino Residences, its collection of luxury villas

**-The sustainable development of the destination is also recognised-**

**London, 5 December 2017** - [Costa Navarino](#), the prime sustainable destination in the Mediterranean, has been awarded accolades for the Navarino Residences, its collection of luxury villas as well as for its sustainable development.

**Navarino Residences**, Costa Navarino's exclusive collection of luxury villas has been named **Best International Development** in the 26<sup>th</sup> annual **International Property Awards 2017**, at a ceremony held at the Savoy Hotel London on 4 December. Judged by an independent panel of 70 experts, the awards celebrate the highest levels of achievement by companies operating in all sectors of the global property and real estate industry.

The judging process focuses on design, quality, service, innovation, originality, and a commitment to sustainability. The prestigious accolade follows Navarino Residences being named **'Best Residential Development Europe'**.

Situated in one of the most beautiful beachfront locations in the Mediterranean, the luxury villas for private ownership range in size from 300m<sup>2</sup> to 1,000m<sup>2</sup> gross indoor areas, all in spacious plots from 1,500 m<sup>2</sup> to 3,000m<sup>2</sup>. Boasting breathtaking sea views, they are located just a few meters from the beach or among verdant olive groves, all offering unobstructed sea views for life. Home-owners can relax in the picture perfect surroundings as well as having privileged access at the facilities and benefits of Costa Navarino, including two signature-designed golf courses, The Bay Course and The Dunes Course, widely regarded among the best courses in Europe; the award-winning Anazoe Spa; and specially designed centres and activities tailored for children.

Stephanos Theodorides, Vice-Chairman & Managing Director of TEMES – Developers of Costa Navarino, commented: *'We are thrilled with this prestigious accolade and the recognition of Navarino Residences within the property industry. Navarino Residences offer much more than a residential proposition – they are a way of life. The exquisite location, property and facility management services of the highest level, a wide range of*

*hospitality services, two signature golf courses and premier sports facilities create a unique experience that is the Navarino Residences lifestyle.'*

In addition, **[The Romanos, A Luxury Collection Resort](#)** won **Green Hotel of the Year** at the **European Hospitality Awards 2017**. The awards commend the finest hotels throughout Europe, judged by a panel of experts from across the hospitality industry. Being named recipient of Green Hotel of the Year highlights Costa Navarino's strong commitment to environmental and social responsibility. The destination's philosophy focuses on sustainable tourism development in harmony with the natural environment and local communities of Messinia. More than 90% of the total land area is dedicated to natural and planted greenery and the building footprint is less than 10%.

During construction, Costa Navarino initiated the biggest olive-tree transplanting programme in Europe in an effort to preserve the age-long landscape. Olive trees were uprooted and temporarily planted in a specially prepared reception area, before being replanted, with over 6,500 olive trees being successfully replanted. Other initiatives include water resource management and projects that achieve significant reduction in energy consumption and CO2 emissions.
