Trip of a Lifetime

If you're in search of a luxurious holiday on and off the golf course, here are some suggestions that will not disappoint

The Dunes Course

Greece COSTA NAVARINO

Costa Navarino is located in the Greek region of Messinia in the south-west Peloponnese. One of the most unspoiled and breathtaking seaside Mediterranean landscapes, this area has been shaped by 4,500 years of history and continues to develop into one of the world's most luxurious destinations.

The area called Navarino Dunes is home to two luxury five-star hotels along with thirteen restaurants, four bars and lounges as well as three pool bars, and a magnificent spa.

The Romanos, a Luxury Collection Resort, is set amid lush olive groves overlooking the waters of the Ionian Sea, whilst The Westin

Resort Costa Navarino has a privileged seaside location affording a mix of golf, sea and pool views.

The Dunes Course, designed by two-time US Masters Champion and former Ryder Cup Captain Bernard Langer in association with European Golf Design, was the first signature-designed golf course to open in

Greece in 2010. Much of the course has been crafted to reflect the rugged outlines of the distant mountains and the links element of the course adds to its unique style and playability.

Just a few minutes from The Dunes, and open since 2011, is the Bay Course. Designed by Robert Trent Jones II, and, playing a little shorter than The Dunes, it offers an alternative set of challenges in a different setting. The Bay meanders through three distinct natural landscapes: The Seaside, Canyon, and Grove, with holes that provide striking contrasts for a dramatic and memorable golf round. Earlier this year the Bay Course was further enhanced following the opening of a glorious new clubhouse.

Costa Navarino's golf offering will extend to four layouts when two new golf courses at Navarino Hills, designed by José María Olazábal, open for play in 2021.
