A LONGSTANDING COMMITMENT

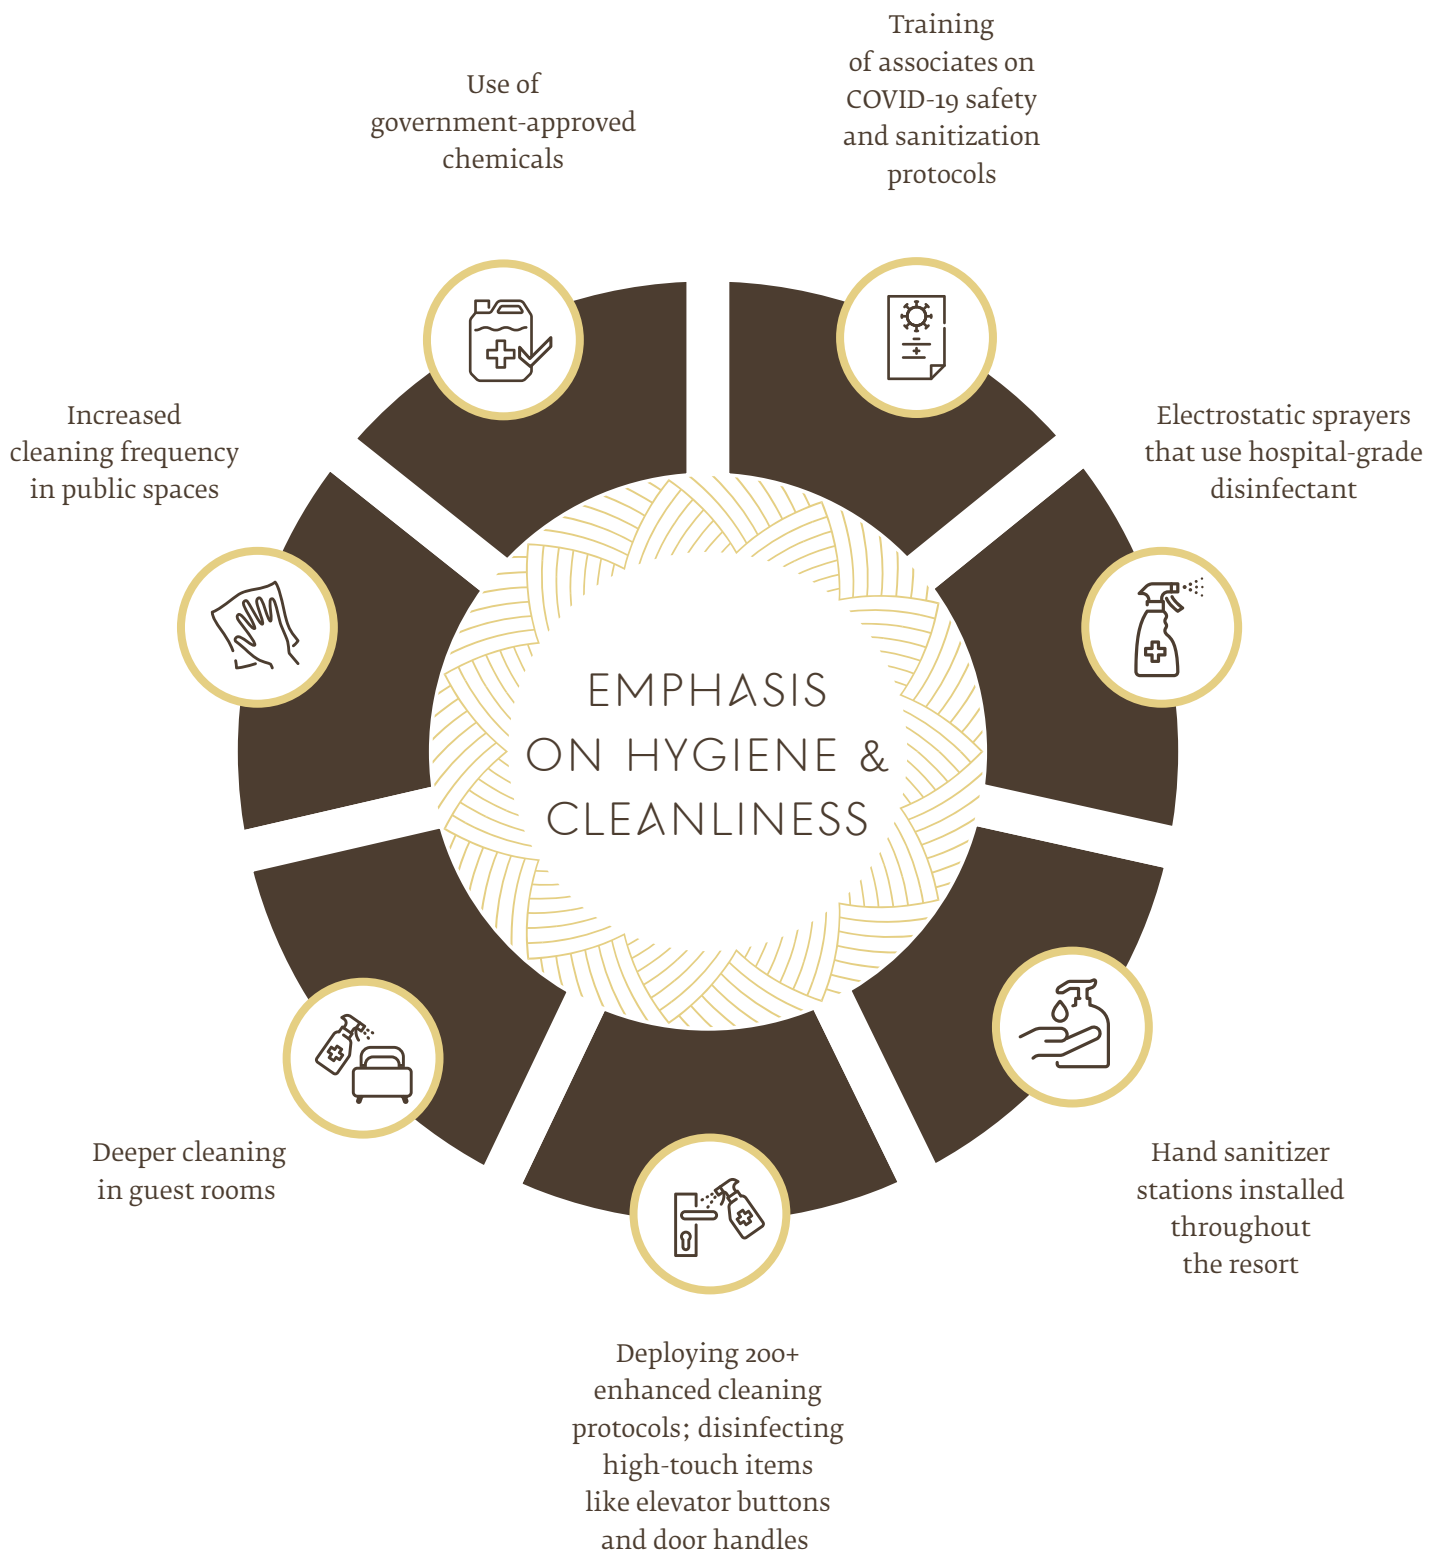

Since our opening in 2010, health and safety have been at the heart of Costa Navarino's approach to hospitality.

This commitment to our guests and associates continues to anchor us as we adapt to new challenges presented by COVID-19.

We have elevated our exacting standards and rigorous protocols to create a "new normal" to address the unique challenges presented by the current pandemic environment.

OUR PLAN

OUR PLAN

ADJUSTED CHECK-IN PROCEDURE FOR A SAFE AND SEAMLESS STAY

Guests will be asked to complete a health questionnaire upon check-in. We recommend that any guests who have not been vaccinated against Covid-19 or have not recovered from Covid-19, have a PCR test within 72 hours prior to arrival. Alternatively, a Rapid Antigen test, will be offered complimentary upon arrival (for all adults and children above 10 years old). Upon request, we can also arrange a PCR test by a medical services provider on-site, at a special rate.

OUR PLAN

LESS CONTACT. MORE CONNECTION

Costa Navarino Mobile App, mobile requests via WhatsApp chat and the Marriott Bonvoy™ App

Reduced allowable capacity in spaces, increased distance between furniture, and queuing areas management

Physical Barriers (e.g. plexiglass shields)

Pre-arrival planning and communication

Protective masks part of associates' uniform. Personal face masks, disinfecting wipes and gel are provided in guestrooms

Signage to remind guests of social distancing guidelines and hygiene practices

COVID-19 CASE PROTOCOLS

WE HAVE ADDITIONAL PROTOCOLS IN PLACE
IN THE EVENT THAT WE ARE ALERTED TO A CASE OF COVID-19.
INCLUDING:

CASE NOTIFICATION

If a guest starts to feel ill, he or she will be encouraged to contact the resort's medical team.

Extensive plans are in place, strictly following the Greek Authorities' health and safety instructions and protocols.

Appropriate quarantine procedures and cleaning protocols will be implemented.

OCCUPIED GUEST ROOM RECOVERY PROTOCOL

In the event of a guest with a confirmed case of COVID-19, his or her guest room will be removed from service to undergo a specific cleaning protocol.

The guest room will not be returned to service until the room is deemed safe, and consistent with the guidance of local health authorities.

Similar recovery protocols address public spaces, associate offices and work areas.

OUR SHARED RESPONSIBILITY

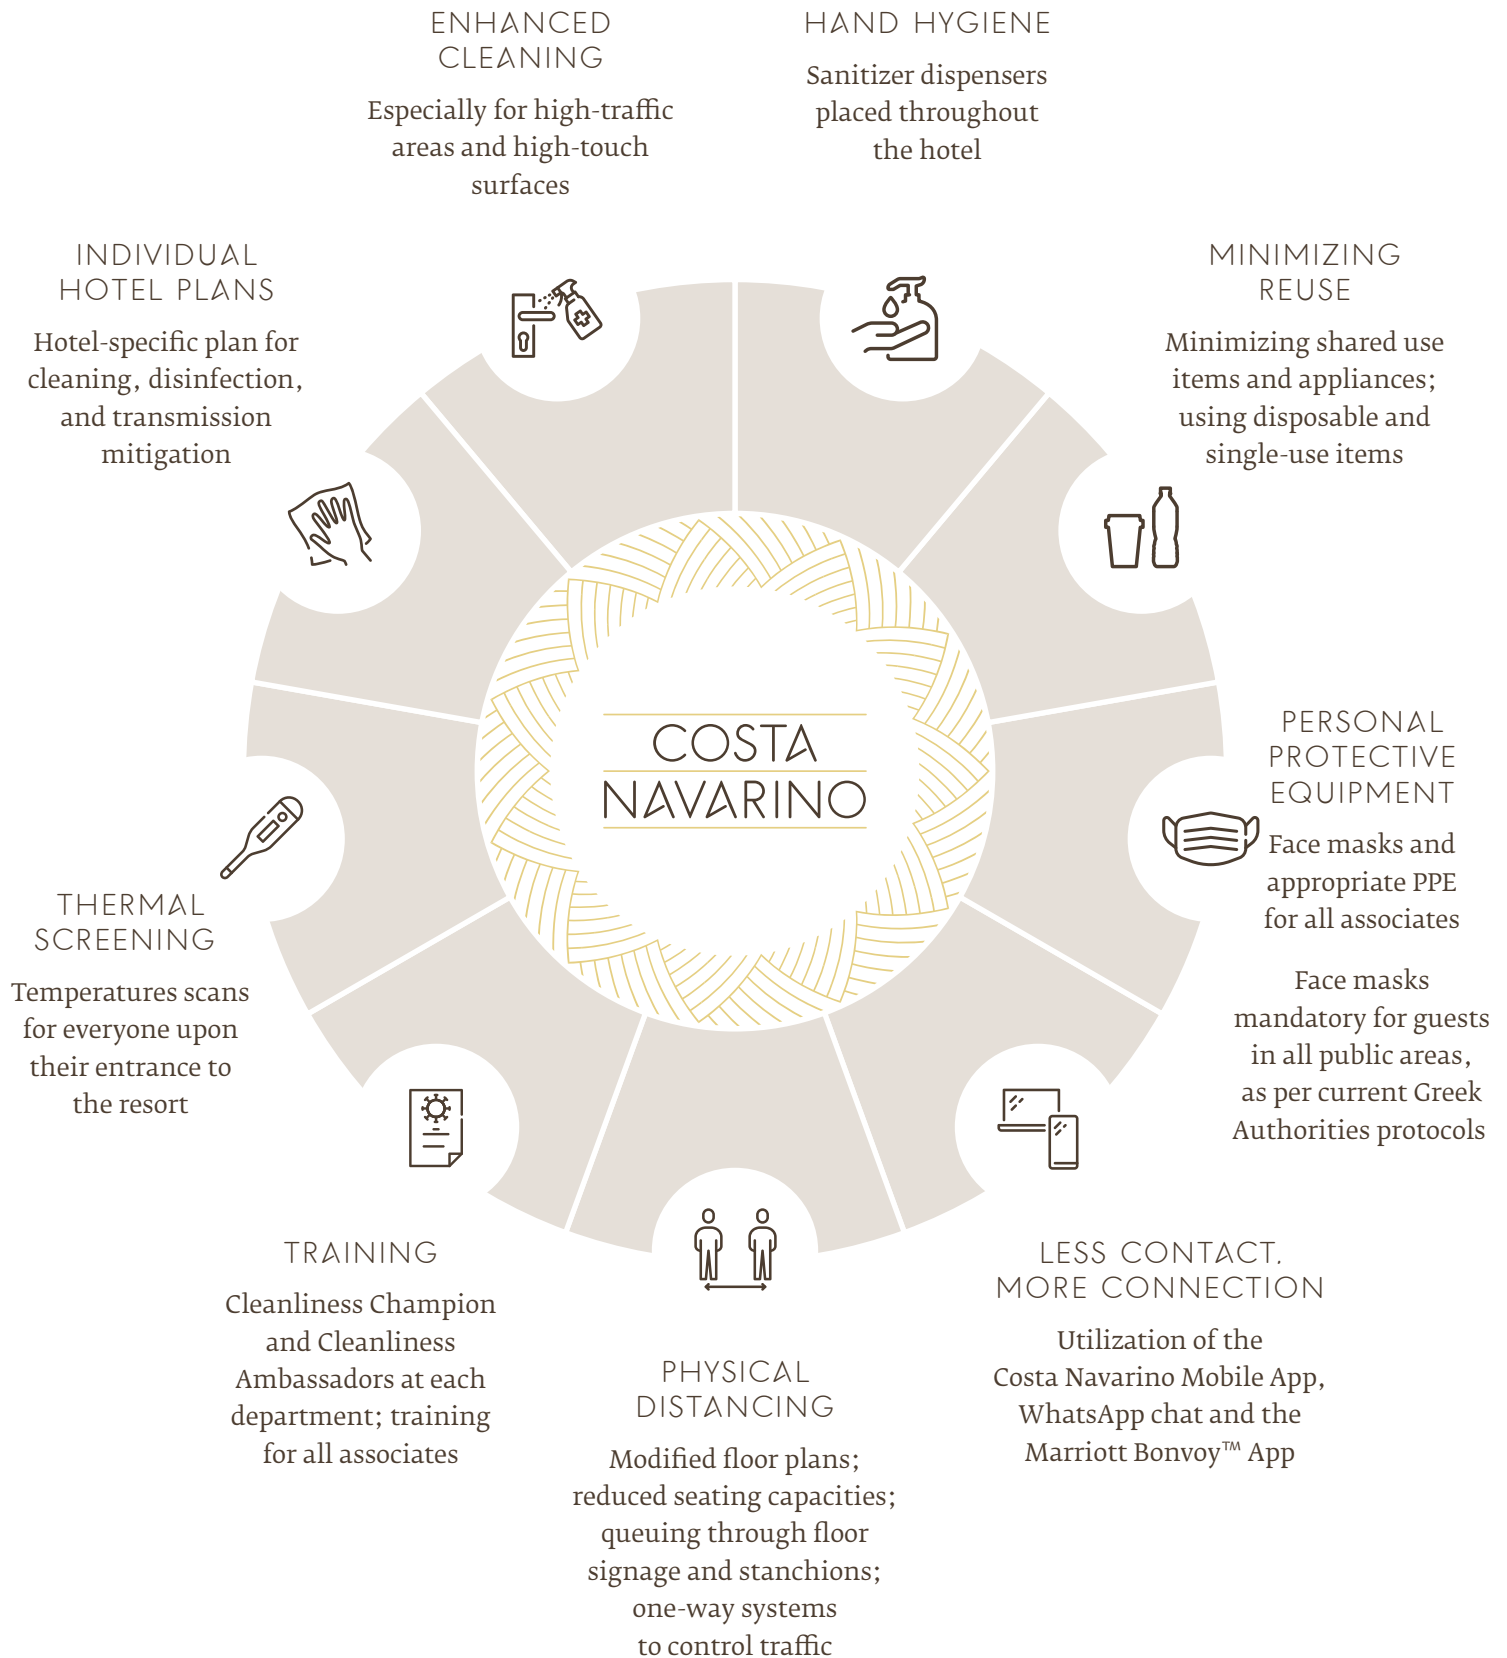

Guests are critical in preventing the spread of COVID-19. To fulfill this responsibility, we offer resources such as COVID-19 related signage and materials describing good health practices.

Signage is posted to remind guests of social distancing guidelines and hygiene practices to prevent the spread of any disease.

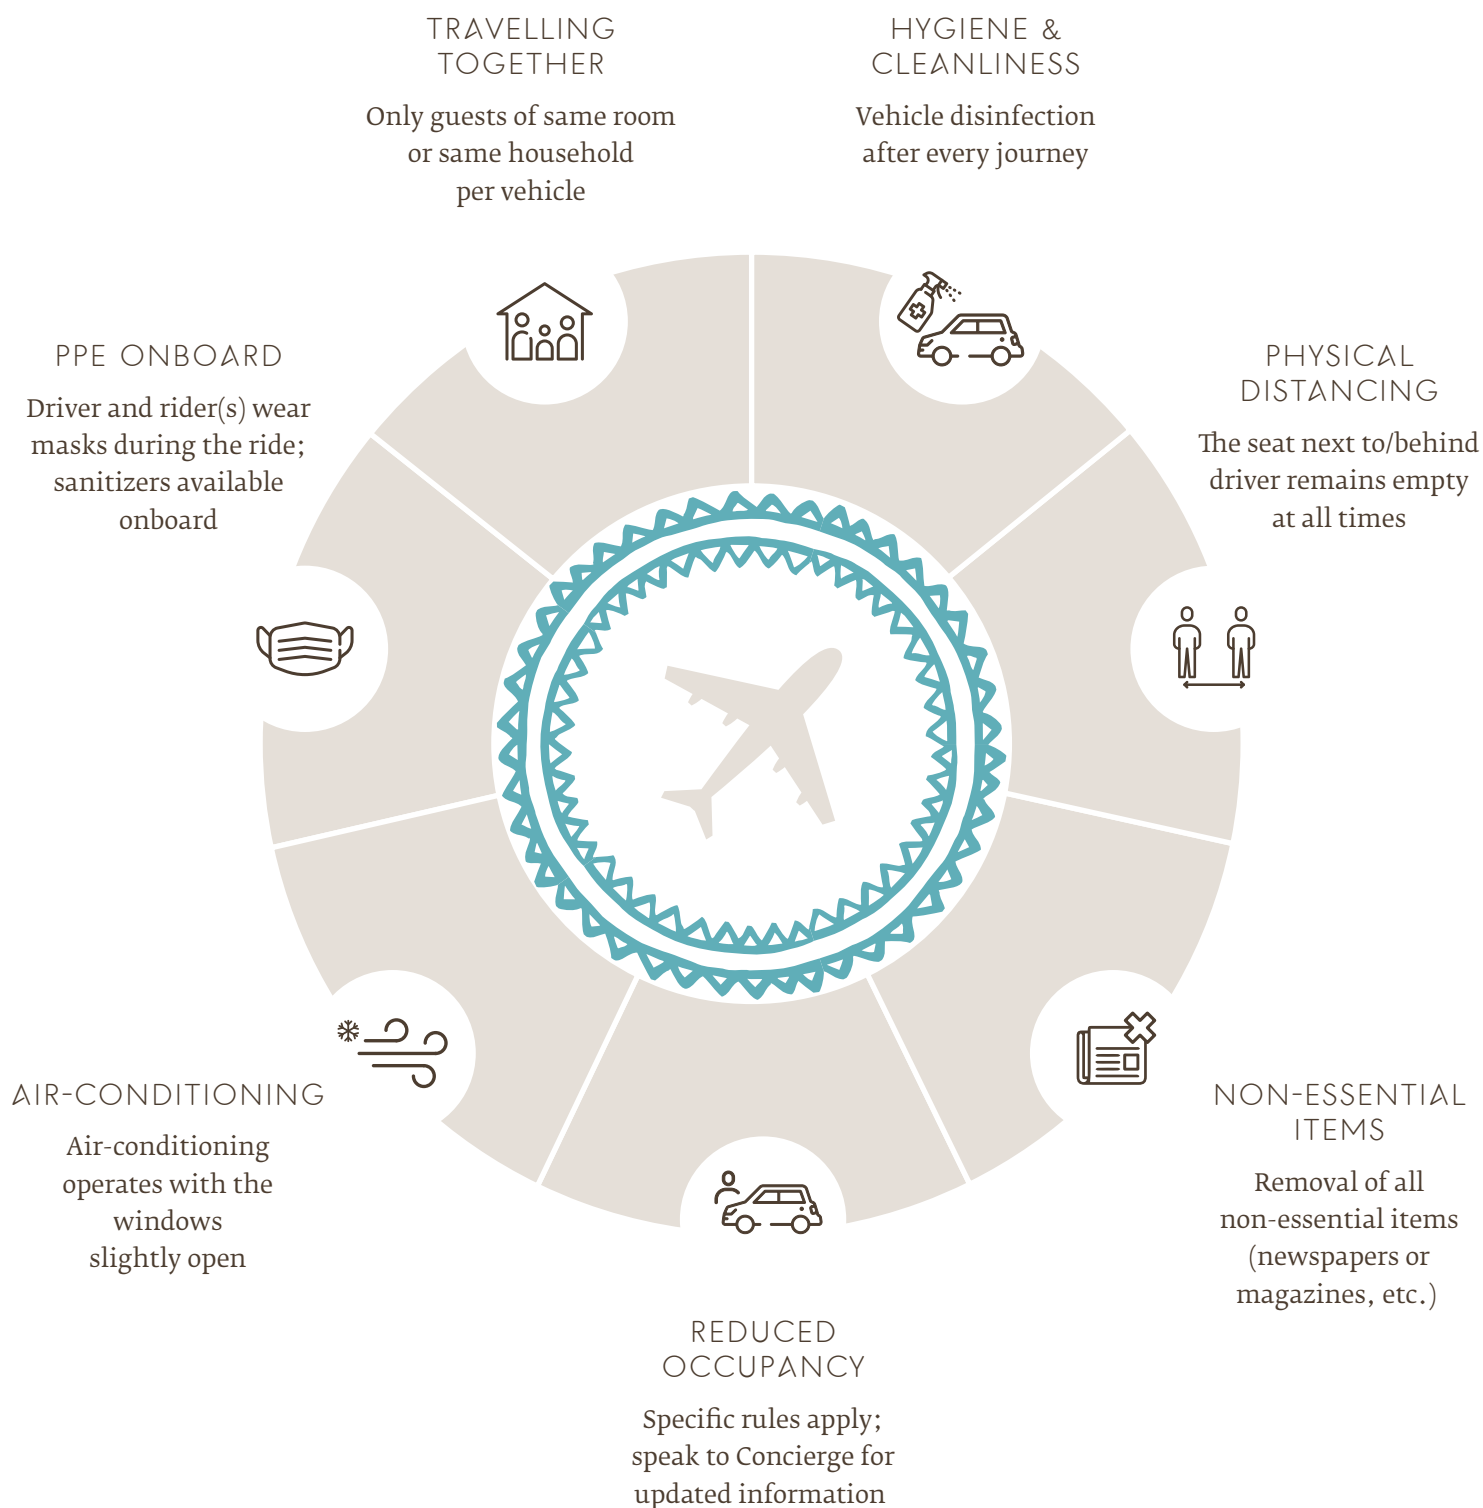

Associates have been educated on the proper way to wear, handle, and dispose of PPE, and the appropriate way to wash hands, sneeze, and avoid touching their faces.

RESORT OVERVIEW

AIRPORT TRANSFERS

FRONT DESK

CHECK-IN

Contactless check-in, where possible; physical distancing with floor signage; polycarbonate shields between guests and associates.

Guests will be asked to complete a health declaration form upon check-in. Rapid Antigen test offered complimentary, if not vaccinated or not holding 72-hour negative PCR test

POOLS

Swimming pools in Costa Navarino were designed and constructed following the most demanding European standards (DIN19643, PWTAG code of practice). All water treatment processes as filtration, coagulation and disinfection are constantly monitored in real-time and automatically precisely adjusted. Very high circulation and disinfection rates (Low turnovers up to 1 hour depending on bathing load) assure the best water quality and excellent hygiene conditions, making the always safe bathing a real pleasure

OUR PARTNERS

Marriott International Inc.

(NASDAQ: MAR) is the world's largest hotel company with over 7,000 properties in 131 countries and territories. Marriott operates and franchises hotels and licenses vacation ownership resorts. The company's 30 leading brands give people more ways to connect, experience and expand their world. As Marriott welcomes back guests, is committed to provide a safe environment for guests and associates that aligns with expert protocols for working to defeat COVID-19. Consisting of in-house and outside experts in food and water safety, hygiene and infection prevention, and hotel operations, Marriott's "Commitment to Clean" initiative is redefining cleaning and safety standards. On 15 June 2020, Marriott launches global Commitment to Clean Certification, a self-evaluation which focuses attention on the most critical standards that must be executed consistently during this time.

Bioiatriki Healthcare Group

is a privately-owned company in the field of diagnostic centers, with an extensive presence across Greece. The Group cooperates with many private sector companies, insurance companies and public insurance funds, having received a significant number of prestigious awards and quality certifications.

CrossBorderMedCare Hellas S.A.,

is the International Patient Center (IPC) of BIOIATRIKI Healthcare Group and offers a range of healthcare services. Through its on-site representative, our guests can have 24/7 access to the expertise of its in-house medical team, which includes contagious disease specialists.

Bureau Veritas, a world leader in Testing, Inspection and Certification, supports players across the hospitality industry in meeting the highest safety and quality standards. With a range of certification and auditing services, companies demonstrate the safety and quality of their products, enabling them to meet regulatory requirements and consumer expectations who want to know where food comes from, what it is made of and how it is processed. The ISO 22000 Certification of our Food Safety Management System to ISO 22000 proves that our commitment to food safety exceeds regulatory requirements and incorporates Good Manufacturing Practices (GMP) and Hazard Analysis Critical Control Points (HACCP).

TÜV Hellas, a leader in the field of Inspection-Certification, 100% subsidiary of the German TÜV NORD Group, provides Third Party Inspection-Certification services for all types of enterprises, in both the private and public sector, having linked its name with the quality and safety of products of the largest projects in Greece. TÜV HELLAS offers services with prestige, reliability, visibility and added value. The newly launched "Safe Restart" guides companies to safely return to operation in the after COVID-19 era.

Ecolab is the global leader in water, hygiene and infection prevention solutions and services that protect people and vital resources. Around the world, customers in the food, healthcare, hospitality and industrial markets choose comprehensive Ecolab solutions, data-driven insights and personalized service that advance food safety, maintain clean and safe environments, optimize water and energy use, and improve operational efficiencies and sustainability.
